MARCH 2012

## What is an advantage of the cooperative Connection card?

*Co-op members exceed \$20,000 in savings with co-op connections pharmacy discount program*

Prescription discounts, a major benefit of the Co-op Connections Program, can save Sun River Electric Cooperative members up to 70 percent on prescription purchases. The program has saved Sun River Electric members nearly \$20,000 since its rollout three years ago.

Prescription discounts offer significant savings for members who are uninsured or

underinsured. For people on fixed incomes, it can make a substantial difference in their lives.

The card is free to all SREC members. It doesn't expire and there are no charges or annual fees. Any member of the family can use the card. In addition to prescription coverage there are hundreds of businesses offering dis-

counts online.

To find a list of offers, go to Sun River Electric's web-site at: [www.sunriverelectric.coop](http://www.sunriverelectric.coop) and click on the Co-op Connections link.
